

Amendments to the Claims:

The following Listing of Claims will replace all prior versions and listings of claims in the above-identified patent application.

Listing of Claims:

Claims 1-23 (Cancelled)

24. (Currently Amended) A method for organizing a web site structure related to an organized sports league, said method comprising the steps:

- a) providing at least one first sports team registered with the web site;
- b) providing at least one member of said at least one first team registered with said website;
- c) providing at least one second sports team registered with said website;
- d) providing a first personalized home page for said at least one registered team member provided in step b) and imparting through said first personalized home page information limited exclusively to said member and at least one first team registered with said web site;
- e) providing a second personalized home page for said at least one first team provided in step a) and imparting through said second personalized home page information and schedules regarding said at least one first team;
- f) providing a third personalized home page dedicated to said at least one second team provided in step c) and imparting through said third personalized home page information and schedules regarding said at least one second team; and
- g) providing said at least one registered team member ~~access~~ provided in step b) access to said home pages of said first and second teams provided in steps a) and c b), respectively and empowering said team member to selectively control access to said home page of said member.

25. (Previously Presented) The method of Claim 24 wherein in step d), said first personalized home page of said at least one member comprises a first community area; and

wherein in steps e) and f), said second and third personalized home pages of said at least one first team and said at least one second team comprise a second community area.

26. (Previously Presented) The method of Claim 24 further comprising the steps:

- a) providing a league register with said website within which at least one first team and said at least one second team are participants; and
- b) providing a fourth home page dedicated to said league, said at least one registered team member being provided access to said fourth home page.

27. (Previously Presented) The method of Claim 26 wherein said fourth home page for said league comprises a third community area.

28. (Previously Presented) The method of Claim 25 wherein in step d), said first community area comprises a plurality of personalized home pages created for dedicated ones of said registered members of said at least one first team.

29. (Previously Presented) The method of Claim 28 wherein step g) further comprises empowering each respective registered team member of said at least one first team to selectively control access to each respective one of said personalized home pages.

30. (Previously Presented) The method of Claim 29 wherein in step a), access to a personalized home page of a registered member by an entity other than said registered member is provided by an invitation extended to said entity by said registered member.

31. (Previously Presented) The method of Claim 30 wherein in step g), the registered members of said first community area can send out invitations to other registered members to view their personal home pages in said first community area.

32. (Currently Amended) The method of Claim 31 wherein in step g), each respective one of said invitations carries a reciprocal invitation for the member sending said
